

## Ready-to-Use Reporting

Get insights immediately with over **90 out-of-the-box reports**.

Accreditation - 19

Compliance - 19

Quality - 23

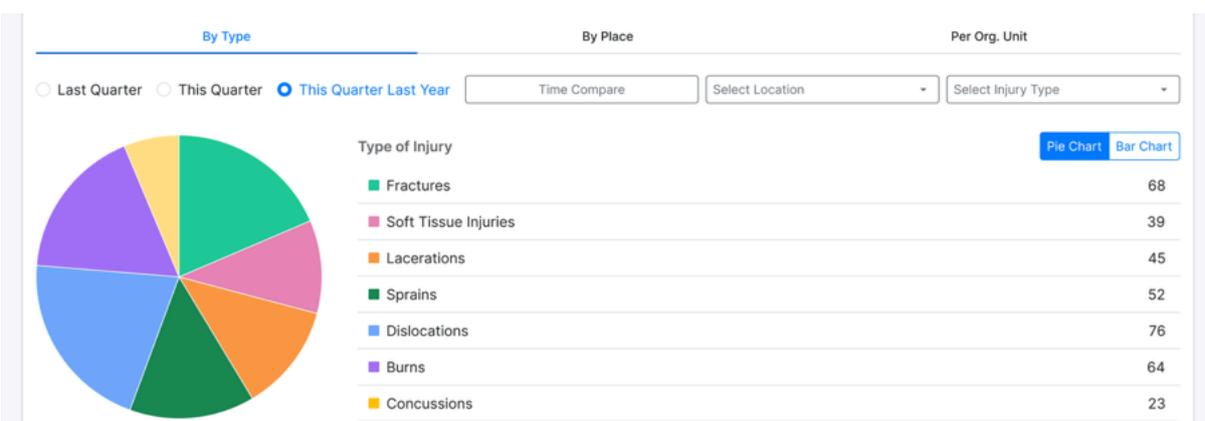

Risk - 17

Workforce - 6

*Plus reports for Governance, Community, and Security*

## See Gaps Before Your Auditors Do

Adapt every report to your needs.

- ✓ Modify filters and fields on standard reports
- ✓ Create custom reports with the built-in report writer
- ✓ Multiple formats: tables, pivots, dashboards, charts, summaries

## Dashboards That Matter

Dashboards deliver instant oversight, everything you need at a glance.

- Connect surveys, workflows, and committees directly to standards
- Manage multiple frameworks (e.g. Quality, NDIS, Code of Conduct, Internal Benchmarks)
- Compliance without duplication

**From snapshot to drill-down. Evidence and action in one screen.**

## Smart Delivery & Scheduling

Reports when and where you need them.

-  Run reports anytime for ad-hoc needs
-  Auto-schedule and deliver reports via email or link
-  Choose frequency, format, and recipients
-  Export for modelling or external sharing

## Audit-Ready Evidence

ionReports ensures you're always prepared.

- Evidence-backed reporting across all modules
- Merge templates for incident/hazard printouts
- Link reports directly into accreditation and compliance frameworks

### Before ionMy: Reporting Headaches

- Spreadsheets pieced together manually
- Reports inconsistent across departments
- No central dashboards
- Missed compliance deadlines

### After ionMy: Insights That Drive Action

- 90+ ready-made reports out of the box
- Custom dashboards, pivots, and charts
- Scheduled delivery to stakeholders
- Evidence-backed and audit-ready

ionMy — Turning data into decisions, and decisions into action.
